

## TallyCom III

*Tally*

The TallyCom III from DASCOM offers the best and most sophisticated features available on the market today. The pocket size external TallyCom III plugs directly into the parallel or USB port of the printer. TallyCom III is fast, flexible and easy to set-up and configure. Data transfer speeds exceeding 1 MByte/sec to the printer, programmable strings before and after jobs, automatic search and replace on incoming data, user defined queue naming in addition to 10 standard queue names, automatic download of data to printer at power up and status reporting to printer operator and system manager are just some of the exiting features of this product range.

### Highlights at a glance:

- LAN connection via the parallel port, serial port or USB 2.0
- Plug'n Print
- Supports IPP (Internet Printing Protocol)
- Printer management using HP Web JetAdmin, PrintGuide or web browser
- Status reporting using e-mail notification
- Flash upgradable

TallyCom III is based on a Plug'n Print concept. When installing the print server, just switch on the power and the installation manual is printed automatically. It can be installed either using a standard web browser, HP Web JetAdmin or the configuration tool, PrintGuide. Online access to manuals, technical support and upgrades is available world wide.

TallyCom III has an IPP Server built in which means it is prepared for Internet Printing Protocol. Using Windows XP or another IPP client your printer can be accessed over the Internet using URIs (Universal Resource Identifiers). With TallyCom III you stay connected anywhere.

## TallyCom III

<b>LAN Attachement</b>	Ethernet 100BASE-TX @ 100 Mbps (IEEE 802.3u) Ethernet 10BASE-T @ 10 Mbps (IEEE 802.3)
<b>Printer Attachement</b>	Centronix parallel port (IEEE 1284 incl. ECP) Serial Port RS-232 USB 2.0
<b>System Support</b>	Windows, Unix, Mac OS, OS/400, Novell
<b>Printing Protocols</b>	TCP/IP, IPX/SPX, NetBIOS, IPP, Appletalk, FTP
<b>Booting Protocols</b>	BOOTP, DCP, RARP
<b>Configuration Protocols</b>	HTTP, DLC, TCP/IP, FTP, WINS, DNS
<b>Status Protocols</b>	SNMP, DLC, TCP/IP, PING, SMTP
<b>Set-Up</b>	Web browser (HTTP, HTML) PrintGuide (DLC, TCP/IP) ARP, RARP, FTP, DHCP, BOOTP ASCII file download WINS, DNS, Autoconfiguration
<b>Management</b>	Web browser (HTTP, HTML) PrintGuide (DLC, TCP/IP) HP Web JetAdmin e-mail notification using SMTP SNMP MIB II File based using FTP
<b>Physical Weight</b>	68 g
<b>Physical Size</b>	60 x 20 x 97 mm (W x D x H)
<b>Power Voltage</b>	5 V @ 500 mA
<b>Warranty</b>	2 years bring-in
